Scholarship Guidelines

Most schools are supported by grants through the government. We choose not to because we do not want to compromise what we are about. MSOA is faith based. There are many needs that can be filled by volunteering to help our school. We would like for all families who are in the scholarship program to volunteer in some capacity. Joining our Fundraising Committee is a great way to help. Our fundraisers are what we rely on to finance our scholarship program and buying needed equipment and software.

Below is a questionnaire that we would like for you to fill out in as much detail as possible. The school board will use the following information to determine how to distribute scholarships. The more information you provide, the better it will help the board.
